Critical Thinking - Leadership Skills for Supervisors

التفكير النقدي - مهارات الادارة والقيادة للمشرفين

10 - 14 September 2023

Sharm El Sheikh / Egypt

Introduction

This Program Focuses on the supervisors' leadership and management roles and skills needed for the 21st century in any successful organizations. Emphasis is placed on the emerging concepts of leadership in the 21st century, characteristics of an integrated leader manager, thriving with change in a complex environment, communication in a multicultural workplace, the culture of safety, and critical thinking within the dynamic adaptive management processes. Analyzes the complex systems of planning, staffing, organizing, directing, and controlling in light of the transforming environment within which successful institutions exist. Interrelated classroom and practice experiences facilitate the integration of theory to a variety of practice settings.

Objectives

The purpose of the course is to present a holistic approach to supervisor leadership and management in light of historical theories and concepts of leaderships/management and today's multicultural environment to enable practicing supervisors to thrive as leaders/managers in today's world.

- Analyzes the characteristics needed by a leader/manager in the current and emerging supervising arena.
- Explores organizational complexity, multiculturalism, and adaptation in light of leadership.
- Evaluate the effectiveness of leadership and managerial theories and roles within a historical and current context.
- Develop intellectual and personal discipline
- Demonstrate the skills of critical reasoning and decision making in dealing with the complex problems faced by management/leadership in the organizations.
- Identify the impact of change within the recent organizations and the role of the leader/manager in this change process.
- Analyzes communication skills needed for a multicultural and generational workforce to manage conflict, promote a culture of safety and transformational coaching, and build a context of hope and willingness within organizations.
- Relate the management of fiscal, material, data, and human resources to effective organizational development, maintenance, and growth
